PROFILE

Reinvested all multi-job income directly into tech infrastructure and vocational skills to build a resilient career foundation. Confirmed history of high visual tracking endurance, zero tolerance for operational stagnation, and an active readiness to deploy web-based Global Distribution System (GDS) and air ticketing configurations within fast-paced corporate pipelines.

EXPERIENCE

Hôtel de Paris — 2019 - 2020

Night Receptionist

DEVELOPMENT

Multi-source content preparation to clear credentials — Amadeus License

FinTech & Trading Architecture: Trading Floor Workflow optimization and global financial interface configuration.

Enterprise Asset Systems: Comprehensive Property Management Systems (PMS) alongside Global Registrant & Asset Management infrastructure.

IT Infrastructure Management: Designing resilient Server Dashboards, network monitoring systems, and technical tracking tools.

Product Interface Design: Developing specialized Real Estate User Interfaces and high-yield creative layouts.

Customer Experience Strategy: Elevating Customer Experience UI/UX across complex digital products and automated entry systems.
